Host / Installation Supporting Agreement

USCN-AGR-002 | Public approved edition | 20 October 2026

Public disclosure edition. Internal site-specific identifiers, confidential contact information and operational details are omitted. This template is approved for use but does not evidence a completed assessment or signed agreement.

Purpose

Host / Installation Supporting Agreement

Required considerations

Camera identification (general area only for public copies); purpose and lawful basis; necessity and proportionality; individuals affected; privacy and security mitigations; accountable approval and review; operational activation only following documented authorisation.
